Vrindavan The land of infinity

Lord Krishna has been a charmer. He is celestial and everything related with him synonymise divinity. Vrindavan where Lord Krishna displayed his Leelas and enchanted everyone with his nimble playfulness, it is the place which must be explored. Vrindavan has got hundreds of the stories which spell bounds an individual. Be it the Banke Bihari Temple or ISKCON Temple, every destination is full of soul and narrates a story which charms you in all possible means. Having the tens of hundreds of scriptures and literature being written on it, Vrindavan is truly the place defining the serenity, hope and spirituality. The knowledge that you have gained about this holy land is not enough and the possibilities of knowing about it is actually much more. The pleasant welcome by every commoner saying Rashe Rashe just touches the soul and infuses the spirit of heavenly deities. Every nook and corner of it propels you to search for more. Krishna still lives there in every heart, every temple and every particle. Vrindavan is all there to instil you with purity and holiness.
