RESIDENCES

Pareena Infrastructures has been in the real estate industry for over two decades. A value driven company founded on the principles of "Innovation, Integrity, Quality and Sustainability". Over the years, the company has repeatedly showcased developments that reflect engineering and design excellence, state-of-the-art technology, uncompromising business ethics and transparency in all spheres of business conduct. Starting off as a construction company, Pareena has come a long way and built a strong reputation and a loyal customer base through numerous projects, both commercial and retail, in the Delhi and NCR region as well as states like Haryana, Punjab and Rajasthan. Its portfolio of projects has a variety of structures ranging from housing projects, co-operative societies, malls, retail, offices etc. In each, Pareena has displayed its longstanding commitment to build quality spaces which display thoughtfulness towards design and execution. It's a commitment that Pareena is proud of and one that has earned the respect of its customers. The company is now focused on leveraging its unbeatable combination of skill, knowledge & experience to build unique real estate projects that create a different living experience.

Luxury is attention to detail,
originality, exclusivity
and above all quality.

MISSION

When you have a vision to be in league with the best-in-class, you have to map out a game plan to reach there. And here is ours – To become one of the premier and trusted players in real estate in India by remaining committed to growth and excellence in innovation. To be an ethical company, which professionally manages projects with a constant focus on quality, safety issues, timelines and customer requirements. To have an effective management that motivates, inspires and raises the productivity of the organization, while building teams who believe in work ethics and professionalism.

Creating a whole new world of comfort

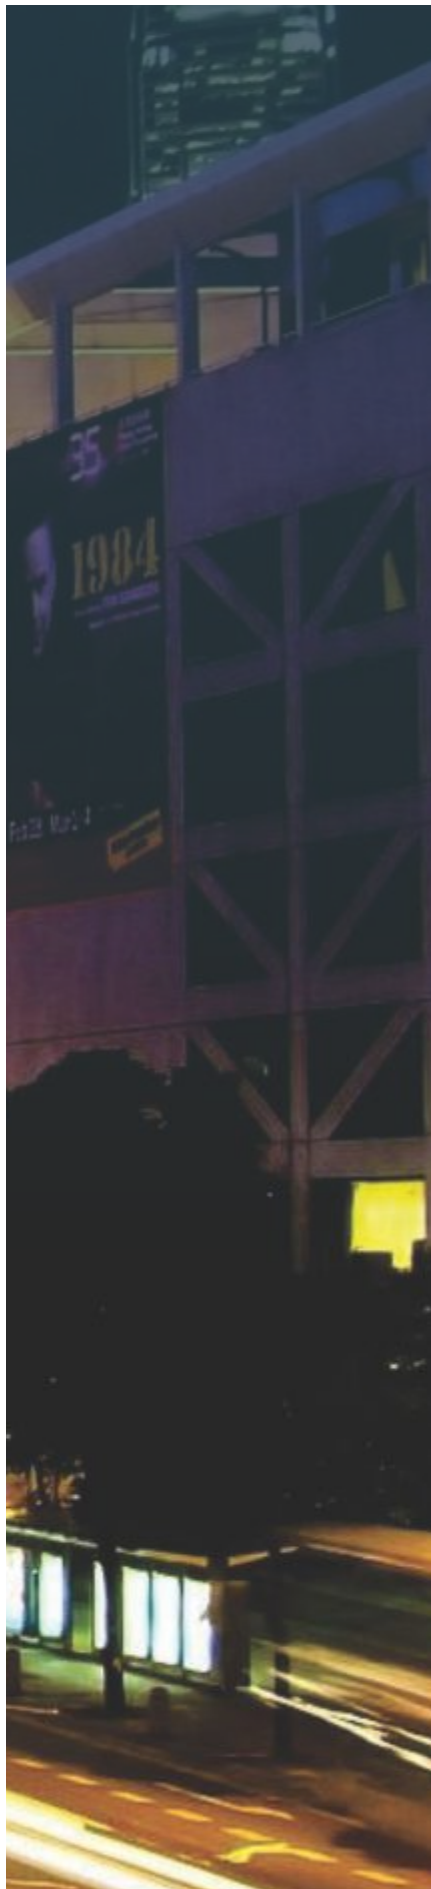

VISION

Our vision for the near future is to spread happiness across millions of square feet. We want to lay the blueprint for a new tomorrow for millions of Indians by developing premier real estate. To build inspiring, healthy and sustainable green spaces that enhance the quality and productivity of life without taking away from the environment. To deliver a superior value proposition to all stakeholders through creating smart and extraordinary spaces at reasonable costs. To become one of the premier and trusted players in real estate in India by remaining committed to growth and excellence in innovation.

THE MILLENNIUM CITY - GURGAON

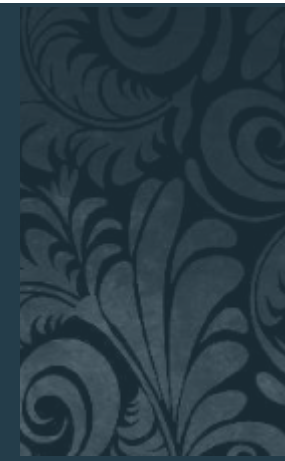

Gurgaon has the rare privilege of being designated the Millennium City - A city that happens once in a 1000 years. A sleepy hamlet less than 30 years ago, Gurgaon today is buzzing with excitement and unprecedented development. Home to the largest multi-national and multi-cultural population in the country, Gurgaon boasts of being the nerve centre of Corporate India. Strategically located 30km south of the national capital and within 10km of Indira Gandhi International Airport, it has everything going in its favor. It is within commuting distance of Delhi via an expressway and Delhi Metro. The second largest city of Haryana, Gurgaon has now become the industrial and financial center of Haryana. Gurgaon is also the only Indian city to have successfully distributed electricity connections to all its households and has the 3rd highest per capita income in India after Chandigarh and Mumbai.
