FOUNDATIONS Green Grass

The Eco Friendly community

Mysore

- ★ Among the most enchanting cities in the world, THE HERITAGE CITY.
- ★ Palaces and gardens, extraordinaire.
- ★ Emerging as a major IT and Knowledge hub.
- ★ Among India's 'fastest TOP TEN' growing cities.
- ★ Named as the fourth must visit destination in the world.

Profile

Mysore City has emerged as a top investment destination with the expansion of Mysore-Bangalore Road, double track railway line, Airport and 4-lane express way. Our well planned layouts and townships with many more projects intend to step up to the development of Mysore which is widely considered as the second IT capital of Karnataka.

We are a group of dedicated and motivated construction professionals with more than 20 years of constructive experience on varied construction projects. We came together to eschew a new dream, to create new homes (not just houses). Our dream became reality, in our maiden apartment project, Foundations PRIME & Foundations PRIDE, we did an encore with "Foundations SHANKARA" near Shankar Mutt, Mysore. These beautiful, lovingly sculpted homes were lapped up by the discerning buyers and each one will vouch for the valuable product they received.

Each Foundations projects is conceived with detailed planning using the best of consultants ensuring accurate and speedy implementation using the best of materials within a time bound schedule and strict emphasis on all quality control parameters.

The Foundations is one of the popular name in the city of Mysore and well known firm in this city. We complete the projects on time with standard specifications and use the best quality materials. So, the same group to grow big and serve the society commenced a new limited company in the name and style FN Infrastructures Pvt. Ltd., situated in the same office. It is An ISO 9001:2008 certified Company.

Designed to meet all the aspirations of a luxurious home that is comfortable, secure and affordable. With exclusive amenities that compares with excellent living standards that to enable to lead a modern lifestyle, we, FN Infrastructures, have started Foundations PRAKRUTHI and Foundations SUDHARSHANA. These projects are located near Vidyanarayapuram, a prime area 5 Km from the centre of the city with facilities like schools, colleges, shopping areas and public transport.

Encouraged by the response to our projects, we at FOUNDATIONS ® have launched various projects around Mysore. An eco friendly Development, a well planned gated community and villa project called "Foundations GREEN GRASS" is nearing completion.

We have many more projects to offer which are in the pipe line. Apart from this we are going to serve this society in the Hospitality sector where we are going to start Home Stays in Mysore – Mangalore Road.

We at Foundations offer a choice of investment options to suit the variety of budgets.

The Project

- ★ Spacious villa plots.
- ★ Well planned gated community.
- ★ Set in a developed coconut & fruit orchard.
- ★ Designed to keep the existing Eco system in place.
- ★ Well planned 40' wide roads .
- ★ Designed to meet international Green township guidelines.

Location

- ★ Located just off the Four - Lane Mysore Madikeri Road
- ★ Just 20 KM from Mysore.
- ★ 60 KMS from the enchanting State of Coorg.
- ★ Just 10 KMS from Infosys
- ★ A stones throw, from an International standard golf course.
- ★ Located in a pristine and peaceful environ, far from the polluted urban cityscape but at the same time all the utilities are available within a short ten minute drive.
