Recent Projects

We at Karia Developers endeavour to surpass expectations. Our recent project Konark Meadows is perfect examples of that.

Located a further away from Konark Oasis, Konark Meadows is a project located on Baif Road in Wagholi. Inspired by the splendor of nature it is ingeniously designed to make sure each home enjoys an unobstructed, scenic view of its surroundings. Its external façade incorporates a distinctive lighting feature that makes the building unique. It is projects like these that make us proud and motivate us to set higher benchmarks. Konark Oasis promises to do just that as we carry on the Konark Legacy.
