B O I S A R I I

Welcome

To a new life

Presenting New Haven Boisar-II, green township strategically located at Boisar, near Mumbai. With large open spaces, modern amenities and all daily necessities available in the vicinity, life here is full of leisure and convenience.

A place where abundant nature, superior connectivity and excellent infrastructure let you paint your dream home, exactly the way you have envisioned it.

Location

We call prosperity

Boisar is a serene little town near Mumbai. Amidst all the flora and fauna, it is a pleasant home for all the ecosystems in the vicinity. We saw Boisar as a land of opportunities and created livable spaces when we launched New Haven Boisar-1 in 2009-10 and Boisar-2 in 2015.

Over the years, the suburb has seen growth across all sectors. Today it has one of the biggest MIDC's in the Palghar district of Maharashtra, with giants like Tata Steel, JSW, Camlin, Viraj, Lupin and many more. Thus, Boisar also offers lifestyle infrastructure development with reputed schools, colleges, theatres, all in close vicinity.

The upcoming new township near Vadhwan Port in Dahanu will be developed similarly on the lines of Navi Mumbai and, Maharashtra government has allotted 440.37* hectares of land to CIDCO for this INR 3800 Cr. flagship project. First phase of this project worth INR 836 Cr. will involve district headquarters like collector office, police headquarters, court and VIP guest house.

After the announcement of the first bullet train in India, we are on the verge of taking the next big leap in the growth story of Boisar. Boisar is going to be the first station of the bullet train when it enters in Maharashtra.

It is home not only to New Haven Boisar-I and Boisar-II, it is now one of the most sought after home destinations because of its proximity to Mumbai, accessibility through road and rail network, comparatively lower capital values and good social infrastructure. In short, Boisar is now a self-sustained, fastest developing, smart city near Mumbai.
