

Its great to live in an ever growing city but not if you have to drive through one.

-

Because distance today, is measured in hours.

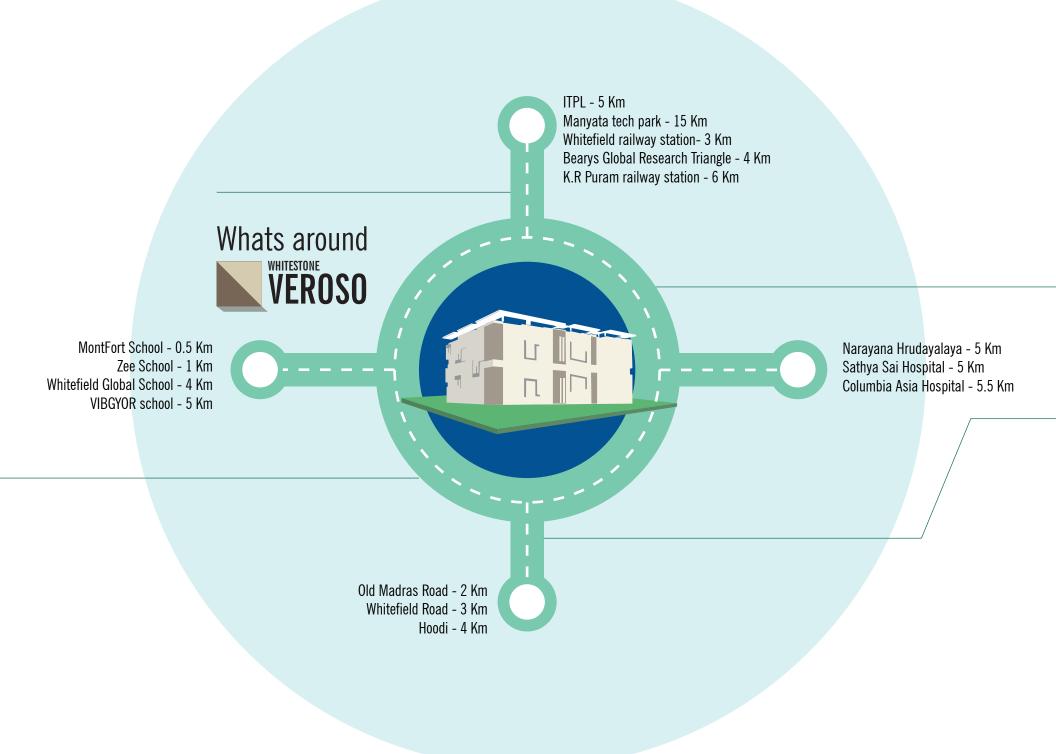

In a growing city, kilometres or miles is no longer a measure of distance. Hours and minutes are. Every hour spent on the road, is an hour wasted, an hour that could have been put to better use. The pace of the city is not something we have control over.

But the choice of a home is.

Presenting Whitestone Veroso, planned and strategically located close to everything that matters. Because time, is one luxury you cannot afford to loose.

Located in the heart of Whitefiled, the Veroso is a luxury residential complex with 5 floors and 60 apartments. The Veroso houses every modern amenity required for a complete living. The apartments are well planned and designed to be Vaasthu compliant. The Veroso is in the company of schools, hospitals, shopping destinations, tech parks and every civic amenity required. So that you spend less time on the road and more at home.

WHITESTONE Happy spaces

Veroso is not just a conveniently located apartment. We have planned the amenities to suit your lifestyle. Everything you need is right there. Further, we ensure to provide you with only the best-in-class material for the fixtures, fittings and structure.

As a corporate policy, we believe in and practice only eco-friendly methods. All our projects come complete with rainwater harvesting systems and sewage treatment plants. As a responsible corporate, these are the few things we can do for the environment.
