IMPERIAL LIFESTYLE'S GUIDE TO VASAI-VIRAR

Vasai, the 5th largest city of Maharashtra. Vasai-Virar is rapidly developing in all spheres related to real estate,

be it residential, commercial, retail, hospitality, entertainment or amusement. Over the last decade,

the increase in real estate prices in and around Mumbai has resulted in the shift of low and middle-income households to this sub-region. It is one of the

10 cities in Maharashtra which is eligible for FDI

in multi-brand retail.

POPULATION

Vasai-Virar, with a growing population of more than 1.2 million people, is one of the fastest growing cities in Maharashtra. As per census, the population of the region was 1.9 lakhs in 1971 and has seen a growth of 95% since. The population growth rate of Vasai-Virar has been higher than Greater Mumbai and MMR region.

CONNECTIVITY

Vasai-Virar is strategically linked to Mumbai and other major centres in the Mumbai Metropolitan Region, such as Navi Mumbai, Panvel, Thane, Kalyan and Bhiwandi via high end rail and road connectivity. Also, with the proposed elevated rail corridor between Churchgate - Virar and Bandra-Virar, the durations of journeys will be curtailed by an hour. No other city in MMR or the peripheral locations provides such connectivity. Commuters can easily travel to Mumbai by local train within 90 minutes to reach Churchgate Station or 30 minutes to reach the suburbs.

THE FEEL OF GETAWAY HOMES

The region is pollution free and away from the hustle and bustle of the city life. Today, people want to live in areas where they can breathe fresh air and have sound sleep. Vasai - Virar is one such region and therefore the place for living and leisure.

DEVELOPMENT

Since its inception in 2012, the Vasai-Virar City Municipal Corporation (VVCMC) has been instrumental in the rapid development of the Vasai-Virar region. An annual budget of Rs. 1,266 crores towards infrastructure development has been presented in 2012. The Ministry of Urban Development has taken Vasai-Virar under the Urban Infrastructure Development Scheme for Satellite Towns, making it the only city in Maharashtra to be incorporated in this scheme. The entry of some of India's leading real estate giants and joint ventures amongst local developers is contributing tremendously to the growth of the region.

FUTURE OF VASAI-VIRAR

The first factor that will drive this real estate market is its affordability compared to that of other parts of the Mumbai Metropolitan Region. This will attract a big chunk of home buyers as well as investors here.

The second major factor that will drive the real estate growth is the improving infrastructure and connectivity of the region to the island city of Mumbai as well as its suburbs. The proposed Virar-Alibaug corridor will be connected to several major national highways such as NH 3, NH 4 and NH 48. This will help people travel from Virar to Mumbai as well as the proposed Navi Nhava Sheva Port, Mumbai International Airport, and Alibaug, which is an industrial belt. The Bandra-Versova corridor, which is a coastal road, will also get extended to Malad and later to Virar.

WHY YASHWANT SMART CITY?

**More than 20,000 +
happy families in vicinity**

More than 1lakh + Population

**Educational institutes
ICSE | CBSE | SSC | COLLEGE**

**Luxury Banquet Hall
with area of 12000 sq. ft.**

**25000 sq. ft.
huge Fitness Club**

Entertainment Training centres

Public play grounds
