With Mediterranean Architecture

WHERE AESTHETICS ARE EVERYTHING.

The Skycourt is nestled within a delectable development featuring Mediterranean architecture inspired by Spanish and Italian Renaissance design styles that peaked in popularity during the 1920s and 1930s. As is evident, the structure is typically based on a rectangular floor plan, and features massive, symmetrical primary façades. Stuccoed walls, windows in the shape of arches or circles, wrought iron balconies, and articulated door surrounds are characteristic. Making The Skycourt a creation of great vision meeting great architecture.

The Skycourt landscape

A VISION OF GRANDEUR.

Set amidst rolling greens in an open panorama, the majestic elevation of The Skycourt is truly a vision of calmness and serenity. While in the far distance, one can feast upon visions of beautiful landscapes, in the vicinity the familiar edifices of three neighbouring DLF projects make it feel like one is snugly surrounded by the larger family that is DLF Gardencity.
