*Sky is yours...
so the earth...*

The farmhouse symbolizes a safe retreat, a place to find solace, unspoilt company of loved one as with the delight of good things cooking in the kitchen. Ensconced in a semi-rural location, The Midcity Farms offers superb family accommodation. It comes with a large paddock in addition to a serene swimming pool. Finally, farmhouse, after years of decline, is making a comeback. Even though fewer people now farm to make a living, the style endures because we have come to see it as a classic symbol of home away from home. The Midcity Farms offer the promise of reconnecting with natural rhythms - with the four seasons and the cycles of life. For many homeowners, it represents a chance to get back to the basics - finding a reasonable pace in a time when mainstream culture seems to be accelerating at a very reasonable price.
