THE RESORT

Exclusive Residential Properties
DELHI NCR

What's exclusive is often rare.

It is what everyone desires, but few acquire.

It is what most dream of, but only a few live.

It is for many a constant pursuit,
and for a very few... a present reality.

That's why, what's exclusive is also elusive.

With just 64 addresses,

The Resort lives up to that meaning.

In every way.

For a few. Who are known by name.

*4-BEDROOM WITH
SERVANT QUARTERS
IN PALATIAL SIZES.*

Not everyone knows what to do with space. But for the exclusive few, it can be a canvas for self-expression. And offer room to grow in, as they grow in the world outside.

With just 64 units, each alone on its own floor, it's something that most will be intimidated by. But then these are for those who live their lives like this.

*270-DEGREES OF
UNINTERRUPTED VIEW*

Look around the vast expanses with 3-side balconies, offering an unbroken 270-degree view of the world outside. It's for those who have the world in their sight.

ONE UNIT PER FLOOR

Exclusivity is about sharing spaces with those who don't like sharing theirs. With a single unit on every floor, these homes are designed for those who have earned the right to be called unique.
