

A high-angle architectural rendering of the Coral Aroma apartment building. The building is a tall, modern structure with a light-colored facade and dark grey accents around the windows and balconies. It features a prominent corner section with a stepped design. The ground floor has a glass-fronted entrance area. The building is surrounded by lush greenery, including palm trees and other tropical plants. In the foreground, there is a paved area with several cars parked. The sky is a mix of blue and grey, suggesting a cloudy day.
